

Airborne Survey Notification

Rex Minerals Ltd is planning to undertake an airborne geophysical survey during October and November 2024.

The Survey will be undertaken within Rex Minerals Exploration Licences, on the Yorke Peninsula, as per the shaded area on the map adjacent. This will be conducted during daytime only.

The survey will be flown by Expert Geophysics Ltd. A helicopter towing a geophysical sensor will fly in an east to west direction, on survey lines 200m apart. During surveying, the helicopter will be 160m above land, and flying at a speed of 100km/hour. It would be expected that helicopter operations will only be seen and heard intermittently for up to 2 hours from a single location. The survey does not involve any requirement to enter private properties.

For additional information about this airborne survey, please email feedback@rexminerals.com.au or phone us directly on 1800 953 353. For further general information about Rex and the Hillside Project, visit www.rexminerals.com.au. An information sheet on this survey is available on the website.
